Insider Tips and Secrets to Get The MOST Out of Your Computer

FEBRUARY 2012 — VOL 9 — ISSUE 2

Do You Feel Your Computer Guy Isn't Showing You Enough **LOVE**?

Maybe it's the constant problems that continue to crop up with your e-mail, printer, server, applications or other programs. Or maybe he takes a little bit too long to call back and then when you DO get him on the phone, he's less than polite. Or maybe he constantly makes excuses about why things aren't working or forgets

Enough Is Enough!

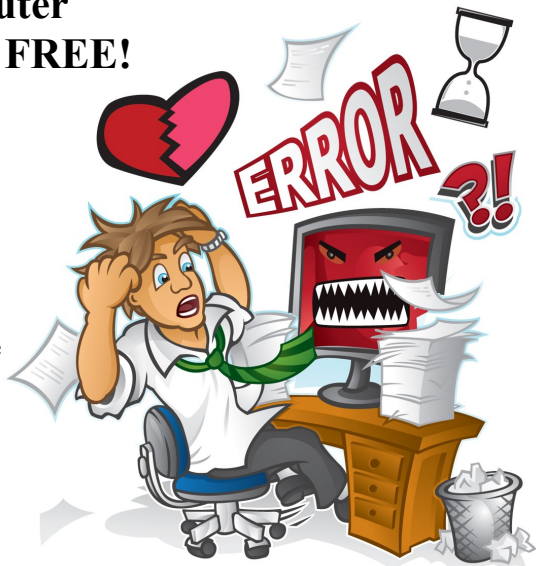

These are the frustrations we hear all the time from business owners who are fed up with the lack of support and service they are getting from their computer guy or

And while delivering fast, friendly IT support from technicians who actually know how to get things working isn't an amazing concept, I'm amazed at how

See What **GREAT** Computer Support Should Be...For **FREE!**

Since it's Valentine's Day and we're feeling the "love," we'd like to offer you 2 FREE hours of computer support to resolve any problem you're having, or simply to perform a 'health check' on your network's security and backup systems. There are no strings attached and no fine print, but you have

Why are we giving this away for free? Because we know that once you see how quickly we make your technical problems melt away, you'll end up being a client for life and tell your

Another Satisfied Customer!

I REALLY appreciate Bob and Tony understanding the importance of getting that dB server back online and staying up thru the night to make it happen."

– *Scott, IT Director at King*
