

## **OUR MISSION**

*'At Esperance Anglican Community School we aim to educate the whole person – in mind, body and spirit – as a unique individual each with their own talents and capabilities.'*

This mission is expressed in more specific goals which provide the basis for the detailed strategies which allow the School to provide the education it espouses.

## **OUR GOALS**

At Esperance Anglican Community School we believe that:

- Our School should be a safe place where people can grow and develop without fear or ridicule
- We should nurture spiritual growth in all members of our community through the development of Christian belief as enshrined in the traditions of the Anglican Communion
- All activities must be pursued to the highest possible standard to allow for the fulfilment of the talents with which we have been blessed
- Our students should be encouraged to develop an appreciation of the need to understand, respect, serve and care for others and for our environment
- Students should be encouraged to adopt a healthy lifestyle to promote their well-being through their participation in a range of activities
- A commitment to high standards of behaviour, self-discipline and resilience will contribute to the quality of life in the School community
- Students will learn most effectively when a love of learning is promoted and where creative, critical and reflective learning is encouraged
- All students should be able to leave the School with the highest level of academic achievement consistent with their capabilities
- Staff appointed to the School should be well-qualified and trained, and committed fully to the philosophy of the education provided here
- Our facilities should be of the highest quality and developed with environmental sustainability as a key feature
- Systems, including information technology, must be efficient and effective to facilitate the smooth operation of the School
