

## St Mary MacKillop College

CHOOSE LIFE WITH COURAGE

12 March 2020

Dear Parents and Guardians,

Catholic Education Western Australia (CEWA) provides all schools with regular updates about developments in the COVID-19 Coronavirus event that is unfolding in Australia, and accordingly we will relay relevant information to our communities.

We are pleased to report that to date there have been no students or staff in any Western Australian Catholic schools diagnosed with the COVID-19 Coronavirus.

Government guidelines regarding travel self-isolation are updated regularly, and if you are planning for or returning from international destinations please keep us informed so that we can provide advice on school attendance. Latest updates about travel restrictions and precautions can be assessed at the links below.

[Healthy WA Coronavirus Information](#)

The College has formulated a Response Plan to deal with further developments in the COVID-19 Coronavirus situation in Western Australia. If there are school closures, educational programs will continue to be provided, and you will receive further information about this.

Regards

Frank Norton
