Kids under 16 are free.

EDIBLE GARDENS FESTIVAL

Over one weekend, visit twelve incredible gardens [normally closed to the public] from Cowaramup - Margaret River - Witchcliffe, and listen to the gardener-gurus to get more inspired to grow food, become sustainable and meet your tribe.

Each garden is carefully curated to showcase a wide variety of garden types and gardening techniques, from small suburban gardens to bush blocks, from improving soil fertility to saving water, we have your gardening interests covered!

Be kind to the planet & carpool.
