First Nations Student Bursaries 2026

Applications are invited from First Nations families who would like their children to receive a Catholic secondary education at St Mary MacKillop College.

Bursaries will cover the majority of the annual fees, leaving a small balance to be paid. The bursaries are intended to recognise commitment to schooling as well as assist First Nations students who might be denied a Catholic secondary education because of financial circumstances.

Applicants must be First Nations and have a desire to be educated in the Catholic education system. It is expected that applicants have established strong foundation for learning and aspire to complete Year 12.

Parents/guardians of eligible students are invited to lodge an application early as the number of bursaries is limited in each school. Information and application forms are available from the Principal, or by emailing enrolments@mackillop.wa.edu.au.
