

# Stay informed. Save time. Take control.

# Instant alerts. Proactive monitoring. Automatic reporting.

**TopLine Alerts** is a notification program for Act! Win/Web. This server-based program monitors activities, histories, opportunities, backups and synchronization for all users in your master Act! database. TopLine Alerts sends customized email notifications or TopLine Dash PDF reports to your inbox or mobile device.

Download your free trial today!

#### Instant conditional alerts

- Be reminded of your selected critical activities.
- · Improve communications with team alerts.
- Never miss an opportunity.

### **Customized notifications**

- Choose the activities and opportunities that are important to you.
- Determine the content and define the conditions of your notifications.

#### Automated reports

- Receive and share important dashboard reports without a click.
- Schedule once and you're done.
- Guarantee on-time delivery of your reports.
- · Spend more time selling, less time reporting!

## **Automated imports**

Integrated with TopLine Designer for automated custom-table imports.

Simple. Immediate results.

24/7 sales monitoring
