Insider Tips and Secrets to Get The MOST Out of Your Computer

Attention Business Owners Suffering From Spam Overload...Call Us And We'll Eliminate 99% Of The Spam E-mails You're Currently Getting

ABSOLUTELY FREE!

If you are absolutely fed up with the number of spam e-mails you get every day and worried about the viruses they carry, this could be the most important letter you'll read all year.

Thanks to a new breakthrough in e-mail filtering technology, we can now eliminate **up to 99% of all spam** you're currently getting without interfering with the e-mail messages you want to receive.

Best of all, this service won't require you to purchase, install, or maintain expensive hardware and software! We're so certain that you are going to love this service that **we've decided to give the first month's service away for FREE on a trial basis so you can try it first hand without any risk.**

Remember, you are under no obligation to buy anything. After the **30-day FREE trial** is up, you can choose to continue receiving this service **for less than (\$3) per workstation** or you can cancel and **owe absolutely nothing!**

**AT NO
CHARGE,
WE WILL:**

- ▶ Stop virus-riddled spam without interfering with legitimate e-mails or "false-positives" that aggravate end users.
- ▶ Stop employees from spreading e-mail borne viruses to each other and to your clients.
- ▶ Reclaim precious bandwidth for business activities instead of storing and processing spam e-mails.

FREE: Stop Annoying Spammers From Invading Your Inbox Finally and Forever!

CHRISTO
IT Services
Small Business solutions
314 Ruth Road
Harleysville, PA 19438

We're giving this away to introduce a new service we're offering to all our clients that is a simple, inexpensive, and an incredibly easy way to eliminate annoying spam messages. **Here's what one client had to say about working with us:**

I have dealt with multiple people from Christo IT Services. They have all been professional, friendly, and they even recognize my voice when I call, which is all comforting when we're having an IT problem. I like that they are responsive, they always get back to me as fast as humanly possible.

Alanna S.,
Lansdale, PA
