**RESULTS Technology Recognized as one of Kansas City's Top IT Outsourcing Companies**

**(Lenexa, KS, January 13, 2016)** - RESULTS Technology, a managed computer services firm headquartered in Kansas City with offices in St. Louis, has been named on the Kansas City Business Journal's Top IT Outsourcing Companies list. RESULTS Technology was ranked 21 this year, up from 25 last year.

"This award validates that RESULTS is providing our clients with the right solution," said Patrick Murphy, President. "RESULTS Technology is based on the concept that we deliver "Worry-Free IT" by managing, measuring, reporting, using, and maximizing our customer's IT assets. We continue to move up this list which shows us we're doing something right."

"I'm very proud to be part of an exceptional team of people who are committed to excellence in everything they do. RESULTS Technology has not only transformed current IT practices by focusing on the person rather than the technology, but is leading the way in providing managed computer services to small business owners across Kansas City and St. Louis," said John French, Chairman and CEO of RESULTS Technology.

Each year, the Kansas City Business Journal gathers information for its annual rankings through the participation of managed service providers and IT service providers in an annual survey. The Journal publishes lists each issue delivering a detailed picture of the corporate, professional and industrial segments of Kansas City.

**About RESULTS Technology**

RESULTS Technology is a leading provider of proactive IT solutions for small and midsized businesses. Founded in 1992, their full-service technology solutions include

RESULTS Information Technology Administration (RITA™), a family of Managed Services that provides clients with the peace of mind that their network and the invaluable data it holds are properly maintained and secure. All of RESULTS' services are delivered with a consultative approach and supported by their own in-house expert team of engineers. RESULTS Technology is one of only a few IT companies in the region who have an SSAE16 certification. This certification is the gold standard for service organizations and ensures that the firm's controls have been strictly assessed by a third party auditor. Headquartered in Lenexa, Kansas, RESULTS Technology is consistently ranked as one of the best IT firms in both Kansas City and St. Louis. The firm was named one of the Top 25 Small Businesses in 2014 by ThinkingBigger Media. For more information, visit <http://www.resultstechnology.com> or call 913-928-8300.
