## **Swinburne's New Professional Purpose Program**

Become that person who springs out of bed every morning, charged with energy for the workday. Have a job that doesn't feel like a job, because you're adding value to the world and being recognised for it. Nurture a network of colleagues and mentors you also call friends. How's that for a life goal?

Launching this year, Swinburne is introducing its **Professional Purpose Program**, geared towards assisting students identify their values and goals, and letting those guide their career choices. The **Professional Purpose Program** runs alongside a student's bachelor's degree and functions like a life and career planner. Its objective – to help students make the most of their university experiences and set themselves up for the sort of meaningful success others can only dream of.

## BACHELOR OF OUTDOOR LEADERSHIP - VU

VU's [Bachelor of Outdoor Leadership](#) prepares graduates for rewarding work - with a focus on building practical skills and industry connections. VU's partnership with [The Outdoor Education Group \(OEG\)](#), gives paid internship opportunities for students, who work part time for the second and third year of their degrees as part of the internship stream. When students graduate, there is an exciting opportunity to apply for a two to three-year full-time contract with OEG.

## BACHELOR OF ACCIDENT FORENSICS – CQ UNIVERSITY

The **Accident Forensics** degree at CQU (Melbourne Campus) develops expertise in the investigation and analysis of the factors which lead to accidents and the interventions required to prevent their recurrence. Accident Forensics graduates demonstrate advanced skills at systematically breaking down the factors leading to an accident and making the necessary findings and conclusions for prevention.

The course provides core studies in:

- Accident Phenomenology
- Investigation Methods
- Forensic Engineering
- Accident Analysis
- Human Factors Investigation
- Occupational Health and Safety

Students complete a capstone accident investigation project based on a 'real' accident reconstruction at the university 'crash lab'. There is a 120-hour work placement with practising accident investigators in the field ensuring students are well prepared to integrate into their chosen career. The course has been developed in consultation with Australia's leading accident investigation professionals from air, rail, road and industrial contexts, and the leading organisations and government authorities which inform public safety strategies.

## INDUSTRY EMPLOYMENT SUMMARY

In February this year, the Department of Employment released the trend in employment indicating that employment increased in nine industries and declined in 10 over the year to **February 2020**.

Health Care and Social Assistance; Education and Training and Professional, Scientific and Technical Services made the largest contributions to employment growth. The largest falls in employment were recorded in Retail Trade, Other Services and Public Administration and Safety.

Employment in the **Agriculture, Forestry and Fishing** and **Manufacturing** industries is expected to continue to fall.

This summarised information has been sourced from [Industry Employment Insights](#). Another very interesting link to browse is the [Industry Employment Projections to May 2024](#).

Note: The Australian labour market is changing rapidly as the COVID-19 situation continues to develop, so regularly browsing the above-mentioned links is advised.
