## NEWS FROM SWINBURNE UNIVERSITY

### **Studying Law at Swinburne**

*Swinburne's law school offers an undergraduate program that focuses on commercial law with emphasis on intellectual property law, and it is the only degree in Victoria with this specialisation.*

Focused on commercial law, with a distinct emphasis on intellectual property, technology, and innovation, it offers students a degree that stresses practical skills and real-world experience. Students complete law-related professional experience placements at organisations in Australia or overseas. Students are also introduced to the practical aspects of legal practice through moot court scenarios and advocacy exercises.

The Swinburne Bachelor of Laws program is fully accredited by the Council of Legal Education in Victoria and offers students the option of a single degree or combined program with arts, science, business, or engineering. The VCE prerequisites are Units 3 and 4 – a study score of at least 30 in EAL or 25 in any English other than EAL.

To find out more visit [Bachelor of Laws](#)

### **Bachelor of Accounting and Business Information Technology (Professional)**

Sponsored by leading Australian organisations, this course offers students a scholarship worth approximately \$40,000 for the duration of their studies.

Students in this course will be prepared for careers combining management and leadership with accounting and business information technology specialisation.

Students spend two 20-week periods in the accounting and business information technology industries learning how to guide investment decisions, develop operating strategies and evaluate business performance. This degree is degree that's professionally accredited by Chartered Accountants Australia and New Zealand (CA ANZ), and CPA Australia. Find out more at [Bachelor of Accounting and Business Information Technology \(Professional\)](#)

## NEWS FROM MONASH UNIVERSITY

### **Destination Monash 2021 Hub**

Year 12 students keen on studying at Monash are encouraged to visit the [Destination Monash 2021](#) hub which has a range of resources and contact details for all the different faculties, and there is an opportunity to book a one-on-one appointment via the hub too.

### **New Politics, Philosophy, and Economics (PPE)/Arts double degree**

Commencing in 2021, students will be able to enrol in the *Politics, Philosophy, and Economics (PPE)/Arts double degree*. In the PPE, students develop a desire and ability to engage with ideas and issues in public life and come out with well-honed communication skills to share their ideas effectively. Combining with the BA, students will have the choice of 40 Arts areas of study and also have access to the Global Immersion Guarantee. Students could consider natural pairings with PPE, such as *international relations, journalism, public relations, or a language*.

Find out more at [Politics, Philosophy, and Economics \(PPE\)](#)

### **Resource Engineering Online Information Session**

*Resources engineers design and implement systems that supply the natural resources required for modern industry and society.* Students keen on learning more about this field of engineering are invited to register for an online Information Session taking place on the Thursday 30 July at 5.00pm. Register [here](#).

### **Difference between Comprehensive and Specialist Courses**

Students are encouraged to view this [YouTube](#) clip which provides an explanation for the two groups of courses at Monash: *Comprehensive* and *Specialist*.

### **Explore Psychology at Monash**

*Have you ever wondered how the human mind works? Here is your chance to analyse how we think and behave.*

On the QS World Rankings for subjects in 2019, Monash was ranked #48 in the world. Monash also has a *world-first neuroscience research lab*, transforming how compulsive behaviours are treated. Monash is *also leading research breakthroughs in areas like addiction, mental health, ageing, neurodegeneration and sleep*.

Find out more about the benefits of studying psychology at Monash as well as the various study options at [Explore Psychology at Monash](#)

## **SNAPSHOT OF MONASH UNIVERSITY IN 2020**

- New courses introduced in 2020 include the introduction of bachelor's degrees in **Applied Data Science, Politics, Philosophy and Economics (PPE)**, and the **Pharmaceutical Science Advanced Scholars Program**

## WHAT DOES AN OTOLARYNGOLOGIST DO?

The *Career Cornerstone* website indicates that an otolaryngologist is a **head and neck surgeon** who provides complete medical and surgical care for patients with diseases and disorders that affect the *ears, nose, throat, the respiratory and upper alimentary systems and related structures of the head and neck*. An otolaryngologist diagnoses and provides medical and/or surgical therapy or prevention of diseases, allergies, neoplasms, deformities, disorders and/or injuries of the ears, nose, sinuses, throat, respiratory and upper alimentary systems, face, jaws, and the other head and neck systems. Head and neck oncology, facial plastic and reconstructive surgery, and the treatment of disorders of hearing and voice are fundamental areas of expertise. According to the [Royal Australasian College of Surgeons](#), to become an otolaryngologist, one must have medical and surgical training and experience as part of the selection into the training.

## PRINCIPAL'S RECOMMENDATION SCHEME AT CQU

At CQUniversity we believe senior schooling results are important, but we also believe that other factors such as motivation, talent, and passion can lead to student success at university. So, we have introduced a pilot program, the *Principal's Recommendation Scheme*, that allows Year 12 students to apply to a CQUniversity course based on the recommendation of their high school Principal rather than ATAR.

So, CQUniversity's Principal's Recommendation Scheme provides an alternate entry pathway to CQUniversity courses that is based on the recommendation of a student's high school Principal and not reliant on whether they have received an ATAR.

Find out more at [Principal's Recommendation Scheme at CQU](#)

## SCHINDLER APPRENTICE INFORMATION WEBINAR

**Schindler**

***Are you looking to start a career working in a dynamic and exciting environment? Do you want to work hands on with innovative and cutting-edge engineering technologies?***

*Schindler Lifts Australia is one of the largest suppliers of new escalators and elevators in Australia today. It has over 1,200 employees across Australia who design, install, service and modernise urban transport systems for almost every building type.*

Most people considering a career in electrotechnology usually think about becoming a domestic (home) electrician, but this is only a small part of the electrical industry. Apprentices in the lift industry not only learn electrical skills, but all the skills required to install, service, and repair and modernise lifts and escalators.

Students keen on finding out more about an **electrical apprenticeship with Schindler** are encouraged to register for the online [Apprentice Information Night](#) taking place on Wednesday 1 July 2020, from 6.00pm – 7.00pm.

## CAREER AS AN ANTHROPOLOGIST

According to the Good Universities Career Guide, [anthropologists](#) study the origin, development and functioning of human societies and cultures, as they exist now or have existed throughout history. Anthropologists are concerned with the complexities of social and cultural life, including religion, rituals, family and kinship systems, languages, art, music, symbolism, and economic and political systems.

Successful anthropologists –

- Have the capacity for detailed observation and accurate practical work
- Can work independently
- Have enthusiasm for research
- Good oral and written communication skills
- Sensitive to other people and cultures.

To become an anthropologist, students usually

have to complete a degree in *science, arts, social science* or *international studies* at university with a major in anthropology (preferably at honours level), followed by a postgraduate qualification in anthropology. A useful link to browse regarding the job prospects, and salaries anthropologists earn is [Job Outlook - Social Professionals](#)

## AUSTRALIAN GOVERNMENT DIGITAL APPRENTICESHIP PROGRAM

The Digital Apprenticeship Program is for people looking for a career change or finishing year 12. You will get to work with digital technologies and solve problems for things that matter, and no degree is necessary.

The **Digital Apprenticeship Program** is for Australian citizens who are passionate about digital technology and are interested in digital technology and solving problems. If you enjoy pulling apart or building PCs, setting up home networks, building apps, finding trends in data or simply problem solving and making things simple, then you should consider applying.

There are many different digital and technical roles within government agencies, and these roles support the core functions of each agency and are always changing. Past apprentices have worked in the following areas:

- cyber security
- user research
- programming
- interactive media
- software engineering
- big data
- networking
- systems analysis and design
- web development
- data analytics
- systems testing
- infrastructure support
- networking
- help desk
- applications development

Apprenticeship locations vary each year and often at locations all over the country. For 2021, the majority of positions will be for Canberra, and positions outside of Canberra will depend on agency demand and workforce requirements.

The benefits of the program include –

- industry experience while studying
- a vocational qualification in digital technology
- support from supervisors
- competitive salary and super
- permanent government employment

Apprentices work full time and get to complete a Certificate IV or Diploma in a digital or technology-related field. It is also all paid for by the apprentice's government employer.

Applications have opened and will close on Monday 29 June 2020. To find out more visit [2021 Australian Government Digital Apprenticeship Program](#)
