1. Introduction

At Mater Christi College, we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school. Our commitment is drawn from and inherent in the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel ([CECV Commitment Statement to Child Safety](#)).

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: that is why the promotion of the human person is the goal of the Catholic school (Congregation for Catholic Education 1997, n. 9).

Mater Christi College is one of ten Good Samaritan Education schools, established by the Sisters of the Good Samaritan in the Benedictine tradition. We believe that all students have the right to a safe and non-threatening learning environment. In the school environment, students are respected, treated with consideration at all times and their voices are heard. In his Rule, St Benedict urges us to 'listen with the ear of heart', and place the welfare of others above our own.

Staff at Mater Christi College understand their duty of care to students. They are committed to ensuring that every student is respected and nurtured in a safe environment. This is particularly so for students who are considered more vulnerable including Aboriginal and Torres Strait Islander students, students from culturally and/or linguistically diverse backgrounds and students with a disability.

2. Purpose of the Policy

The purpose of this policy is to demonstrate the strong commitment of Mater Christi College to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures and strategies developed to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).

This policy applies to school staff, including school employees, volunteers, contractors and clergy.

3. Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard and they are safe and feel safe ([CECV Commitment Statement to Child Safety](#)).

The following principles underpin our commitment to child safety at Mater Christi College:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/caregivers.
- All adults in our school, including teaching and non-teaching staff, clergy, volunteers, and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.

- Staff, clergy, volunteers, contractors, parents and students should feel free to raise concerns about child safety, knowing these will be taken seriously by school leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

4. Definitions used in this Policy

Child: A child or a young person enrolled as a student at the school, referred in our policy as student.

Child abuse includes:

- (a) any act committed against a child involving:
- a sexual offence
 - an offence under section 49B(2) of the **Crimes Act 1958** (grooming)
- (b) the infliction, on a child, of:
- physical violence
 - serious emotional or psychological harm
- (c) serious neglect of a child. ([Ministerial Order No. 870](#))

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse. ([Ministerial Order No. 870](#))

Child neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Child physical abuse: Generally, consists of any non-accidental infliction of physical violence on a child by any person. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Child sexual abuse is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Emotional child abuse occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Grooming is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Mandatory Reporting: The legal requirement under the *Children, Youth and Families Act 2005 (Vic.)* to protect children from harm relating to physical and sexual abuse. The principal, teachers, medical practitioners and nurses at a school are mandatory reporters under this Act. ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

Reasonable Belief: When school staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a 'reasonable belief'. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof but is more than mere rumour or speculation. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds.

([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#))

School environment means any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside school hours, including:

- a campus of the school
- online school environments (including email and intranet systems)

- c) other locations provided by the school for a child's use (including, without limitation, locations used for school camps, sporting events, excursions, competitions, and other events). ([Ministerial Order No. 870](#))
- d) work experience (Ministerial Order 382), structured workplace learning (Ministerial Order 55) and school-based apprenticeships
- e) volunteer arrangements
- f) external providers of external secondary programs

School staff means an individual working in a school environment who is:

- a) directly engaged or employed by a school governing authority
- b) a volunteer or a contracted service provider (whether or not a body corporate or any other person is an intermediary)
- c) a minister of religion. ([Ministerial Order No. 870](#))

6. Responsibilities and Organisational Arrangements

Everyone employed or volunteering at Mater Christi College has a responsibility to understand the important and specific role he/she plays individually and collectively to ensure that the wellbeing and safety of all students is at the forefront of all

they do and every decision they make. ([CECV Commitment Statement to Child Safety](#))

The school has allocated roles and responsibilities for child safety as follows:

Head of Senior School, Head of Middle School are appointed as Student Protection Leaders. This team will work with the College Principal to implement student protection procedures, to provide training for staff and to ensure a safe learning environment for all students.

All teachers and staff will be provided with regular training and will be required to annually acknowledge their awareness of and commitment to Mater Christi College Student Protection policy, code of conduct and procedures.

6.1 Guide to Responsibilities of School Leadership

The principal, the school governing authority and school leaders at Mater Christi College recognise their particular responsibility to ensure the development of preventative and proactive strategies that promote a culture of openness, awareness of and shared responsibility for child safety. Responsibilities include:

- creating an environment for children and young people to be safe and to feel safe
- upholding high principles and standards for all staff, clergy, volunteers, and contractors
- promoting models of behaviour between adults and children and young people based on mutual respect and consideration
- ensuring thorough and rigorous practices are applied in the recruitment, screening and ongoing professional learning of staff
- ensuring that school personnel have regular and appropriate learning to develop their knowledge of, openness to and ability to address child safety matters
- providing regular opportunities to clarify and confirm legislative obligations, policy and procedures in relation to child and young people's protection and wellbeing
- ensuring the school meets the specific requirements of the Victorian Child Safe Standards as set out in [Ministerial Order No. 870](#).
- ensuring the school takes specific action to protect children from abuse in line with the three new criminal offences introduced under the Crimes Act 1958 (Vic.) and in line with the [PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#).

6.2 Guide to Responsibilities of School Staff

Responsibilities of school staff (school employees, volunteers, contractors and clergy) include:

- treating children and young people with dignity and respect, acting with propriety, providing a duty of care, and protecting children and young people in their care
- following the legislative and internal school processes in the course of their work, if they form a reasonable belief that a child or young person has been or is being abused or neglected
- providing a physically and psychologically safe environment where the wellbeing of children and young people is nurtured
- undertaking regular training and education in order to understand their individual responsibilities in relation to child safety and the wellbeing of children and young people
- assisting children and young people to develop positive, responsible and caring attitudes and behaviours which recognise the rights of all people to be safe and free from abuse
- following the school's Child Safety Code of Conduct.

6.3 Organisational Arrangements

All staff will be required to read and sign their commitment to adhere to child safety policy and code of conduct.

Staff, visitors, volunteers and contractors will be provided with access to relevant resources to understand their responsibilities, to identify the College's commitment to zero tolerance of child abuse and to ensure that appropriate action is taken as demanded by the Victorian Child Safe Standards as set out in Ministerial Order No. 870.

All students will be informed of the process for reporting at all times if they feel unsafe, abused, neglected or in danger. Students will be encouraged to report to their Pastoral or Subject teacher who upon forming a reasonable belief that the student is being abused, neglected or in danger, will make a report. It is recommended that where possible, teachers work with Heads of School or other College leaders.

Once a report has been made to any adult within the College and a reasonable belief has been formed that a child is unsafe,

abused, neglected or in danger, he/she will report this matter to the police and ensure that College Principal or one of Student Protection Leaders are informed.

Once a report has been made to the police, the College leaders will ensure that appropriate follow up action has been taken. The report will remain an open matter until a formal report of closure is submitted to the Principal or Heads of School. Reports will include a risk management assessment and future evaluation strategy with improvements being ratified by either College Executive Team or College Board and all members of the Community subsequently informed.

All reports will be filed, with action and outcome notes in an appropriately confidential folder.

- Staff will be informed at Staff Briefing and at Staff Seminars.

7. Expectation of College Staff – Student Protection Code of Conduct

At Mater Christi College, we expect school employees, volunteers, contractors and clergy to proactively ensure the safety of students at all times and to take appropriate action if there are concerns about the safety of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct and policies and procedures in relation to child protection and to comply with all requirements. We have developed a Student Protection (Child Safety) Code of Conduct which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Our Code also protects school staff through clarification of acceptable and unacceptable behaviour.

8. Student Safety and Participation

At Mater Christi College, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us.

9. Reporting and Responding

Our school records any child safety complaints, disclosures or breaches of the Student Protection Code of Conduct and stores the records in accordance with security and privacy requirements. Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school's **Child Protection – Mandatory Reporting Policy**, sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a 'reasonable belief' is formed
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law and their legal obligations relating to criminal child abuse and grooming under criminal law.

Our school has also established internal processes to ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a student.

Procedure

Should a student have a complaint or appeal, the following steps are to be followed:

1. The student or parent should put the following information relating to the complaint or appeal in writing:
 - description of the complaint or appeal;
 - state whether they wish to formally present their case;
 - steps they have taken to deal with the problem;
 - what they would like to happen to fix the problem and prevent it from happening again.
2. The student or parent brings the complaint or appeal to the attention of the student's Pastoral or subject teacher. The College contact will acknowledge receipt of complaint and finalise in a timely manner.
3. If the complaint or appeal is not dealt with to the student or parent's satisfaction, they may bring it to the attention of the Year Learning Coordinator. The Year Learning Coordinator will either deal with the issue or arrange for it to be dealt with by a leadership representative. The first two steps should be completed in a timely way.
4. If the issue remains unresolved, the Principal will take appropriate steps to mediate and resolve the situation.
5. Should the issue still not be resolved to the student's satisfaction, Mater Christi College will make arrangements for an independent external person to resolve the issue. The student will be given the opportunity to formally present his or her case. The external contact may be a representative from Victorian Mediation Centre.
6. All parties involved should receive a written statement of the outcomes including reasons for the decision.
7. All documentation relating to complaints or appeals should be archived with the student file (with Registrar) for audit purposes.

10. Screening and Recruitment of School Staff

Mater Christi College will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work. Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Student Protection Policy and Code of Conduct.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to:

- confirm the applicant's Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any professional or other qualifications
- verify the applicant's history of work involving children
- obtain references that address the applicant's suitability for the job and working with children.

We have processes for monitoring and assessing the continuing suitability of school staff to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

11. Student Protection – Education and Training for School Staff

Mater Christi College provides employees, volunteers with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address student protection matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities and the procedures for reporting suspicion of child abuse and neglect.

Induction Program: An outline of Student Protection procedures, policy and staff code of conduct is included in the Staff Handbook. New staff will be required to register their awareness and commitment to the Student Protection policy, code of conduct and procedures.

The student Protection policy, code of conduct and procedures will be included annually in staff professional learning and training programs. Staff are required to register their awareness and commitment annually to Student Safety policies, code of conduct and procedures.

12. Risk Management

At Mater Christi College we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.

Student Protection Leaders will report regularly at College Executive Team, thereby identifying risk areas and promoting improvement strategies for Student Safety policies, code of conduct and procedures.

The College Compliance and Governance Committee will include student safety in its risk management matrix so that the Board is regularly informed of developments, levels of risk and strategies being implemented by the College to mitigate risk levels.

Where appropriate, the Board will require the Principal to implement appropriate improvements.

13. Relevant Legislation

- *Children, Youth and Families Act 2005* (Vic.)
- *Working with Children Act 2005* (Vic.)
- *Education and Training Reform Act 2006* (Vic.)
- *Equal Opportunity Act 2010* (Vic.)
- *Privacy Act 1988* (Cth)
- *Crimes Act 1958* (Vic.) – Three new criminal offences have been introduced under this Act:

Failure to disclose offence: Any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child under 16 has an obligation to report that information to police. Failure to disclose the information to police is a criminal offence.

Failure to protect offence: The offence will apply where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.

Grooming offence: This offence targets predatory conduct designed to facilitate later sexual activity with a child. Grooming can be conducted in person or online, for example via interaction through social media, web forums and emails.
