

Year 10 2023

Information Evening

20 July 2022

Welcome

Maria Haggett

Reflection and Acknowledgement of Country

Reflection

Loving God,
You call us to fullness of life.

Thank you for the gift of quality education that is provided here.

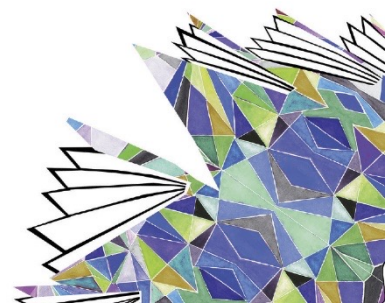

We pray that you help us to make the most of the opportunities that are offered to us to share our gifts and so experience life in all its fullness.

May the years we spend here be not only enjoyable but help us to grow as individuals made in your image.

Bless the students, staff and families - past, present and future - as they are the heart and soul of this College.

We ask this through Christ our Lord.

Amen.

Acknowledgement of Country

Today we stand in footsteps millennia old.
May we acknowledge the traditional owners
whose cultures and customs have nurtured,
and continue to nurture, this land,
since men and women
awoke from the great dream.
We honour the presence of these ancestors
who reside in the imagination of this land
and whose irrepressible spirituality
flows through all creation.

Overview of the Evening

Welcome – Maria Haggett

Overview of the Evening – Julie Stewart

Year 10 2023 Program

This presentation will include:

- a. Explanation of curriculum structure and requirements – Julie Stewart
- b. Introduction to Personal Project – Julie Stewart
- c. Changes to VCE in 2023 – Julie Stewart
- d. Accelerating into VCE Studies – Tara Baker
- e. VET – Andy Donnelly
- f. Subject selection process and timeline – Julie Stewart

Meet the Panellists:

Maria Haggett – Principal

Julie Stewart – Deputy Principal - Learning

Shae Mayes – Deputy Principal – Staff & Student

Tara Baker – VCE Learning Leader

Lisa Costello – Year 10 Learning Leader

Andy Donnelly – Careers Counsellor

Grace Tobin – Applied Learning Leader

Curriculum Structure Year 10 2023

Compulsory Units of Study

In Year 10 all students study core units from:

- English (all year)
- Mathematics (all year)
- Religious Education (all year)
- Health & Physical Education (one semester)

They also complete a Personal Project as part of MYP Requirements for final year (Year 5) of IB/MYP

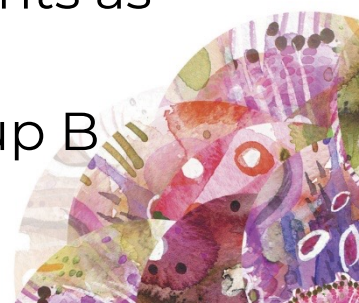

Elective Units of Study

IN ADDITION, STUDENTS MUST SELECT 9 ELECTIVE UNITS FROM A RANGE OF CHOICES FROM GROUP A & GROUP B SUBJECTS

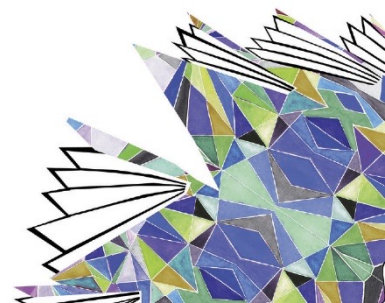

This selection must include at least one unit from each of the following domains:

- Humanities
 - Interdisciplinary Unit (IDU)
 - Languages Other Than English (LOTE) - Chinese or French
 - Science
-
- Any remaining choices can be selected from any Domain area.
 - If an accelerated VCE and/or a VCE LOTE pathway is chosen, then this counts as two Year 10 elective options in the Group A subject elective group.
 - Students may choose other elective subjects of their choice from the Group B subject elective options.

The Structure of Year 10 Studies

Year 10, 2023		Student Name:				Staff Code:		
Sem 1	RE (Core) Or RE Youth Ministry	English (Core) Mainstream Or Foundation English Units 1 & 2	Maths (Core) General Or Enhanced Or Essential	Health & Physical Education (Core) <i>Semester 1 or Semester 2</i>	LOTE (elective)	Science (Choice)	Humanities (Choice)	Free Choice
Sem 2					Interdisciplinary Unit (Choice)	Free Choice	Free Choice	Free Choice

English

Compulsory English is completed for the whole year.

Students choose from:

- **Mainstream English**
- or
- **Foundation English** for focus on foundation English skills to enhance communication

See p. 8-9 of the Curriculum Guide for detailed advice about English subject selection in Year 10 and VCE

Which English is right for me in Year 10/11?

Mainstream English Years 10/11/12	English Language Years 11/12	Literature Years 11/12	Foundation English (Year 10)	VM Literacy Years 11/12
<p>English explores how writers and directors present their views and values, and how they construct a text for a reader or audience. Skills and knowledge include:</p> <ul style="list-style-type: none"> Analysis of the ways writers argue their point of view in the media, using text and audio-visuals Present a point of view on an issue Write two creative responses to a range of mentor texts Write a personal response to a text. Consider the effect texts have on an audience Analyse writer's and director's messages Use metalanguage 	<p>English Language explores the construction of sentences and how the context influences language choices. Skills and knowledge include:</p> <ul style="list-style-type: none"> Word origins Grammar Changes in language over time Sub-systems of language Use metalanguage Contemporary examples Explore audience and purpose Language acquisition Analytical commentaries on transcripts Analysis of Conversations, speeches Advertisements. 	<p>Literature explores language and the stylistic and aesthetic qualities of texts and students' responses to these texts. Skills and knowledge include:</p> <ul style="list-style-type: none"> Write creatively on a text Write a close analysis on passages from texts Explore critical theory Investigate the contexts of texts Unearth the writer's views and values Study text adaptations Classic and contemporary texts Closely analyse language 	<p>Foundation English focuses on developing practical English skills which are used to communicate through written, oral, and multimodal texts. It aims to improve basic written and oral skills for practical purposes.</p> <ul style="list-style-type: none"> Write interest-based podcasts Write resumes Debate topics of interest communicate ideas and information effectively Read accurately to understand, organise and synthesise ideas and information. 	<p>Students can study the VM at their own pace and teachers will assess progress through a range of classroom learning activities. It aims to continue to improve basic written and oral skills for practical purposes.</p> <p>Literacy skills corresponding with these social contexts include reading and writing for:</p> <ul style="list-style-type: none"> self-expression practical purpose knowledge public debate.
<p>A general course that covers many areas</p> <p>This subject is for those:</p> <ul style="list-style-type: none"> Interested in looking at the way the media manipulates audiences Wanting to choose a familiar course Wanting to build literacy skills Careers in anything that requires you to read, write, speak and think. 	<p>Language analysis on steroids. (Or the 'science' of English)</p> <p>This subject is for those:</p> <ul style="list-style-type: none"> Interested in English as a language or studying a second language Wanting to try something different, with more of a focus on metalanguage Careers in speech pathology, sociology, teaching and where root words are important: medicine (veterinary and nursing), law, science and mathematics and advertising 	<p>For those who love reading</p> <p>This subject is for those:</p> <ul style="list-style-type: none"> Interested in reading a variety of texts with different audiences and purposes Wanting to explore Literature Wanting to read texts from different time periods Careers in writing, law, criticism, journalism, publicity, publishing, media and education 	<p>For those who want to improve written and oral skills.</p> <p>This subject is for those:</p> <ul style="list-style-type: none"> Interested in improving their written and oral skills Would like to learn how to write a resume, answer emails professionally and write for specific purposes. Would prefer to read and respond to a range of reading material rather than a close focus on one text. 	<p>For those who want an applied learning approach without exams.</p> <p>This subject is for those:</p> <ul style="list-style-type: none"> Who like to complete assessments based on their own interests Develop Literacy skills with a specific focus on VET specific skills Work collaboratively on tasks individually, in pairs and in small groups Present work in a variety of forms to the class Careers: following a TAFE course - apprenticeships, nursing, allied Health.

Mathematics

Compulsory Mathematics is completed for the whole year.

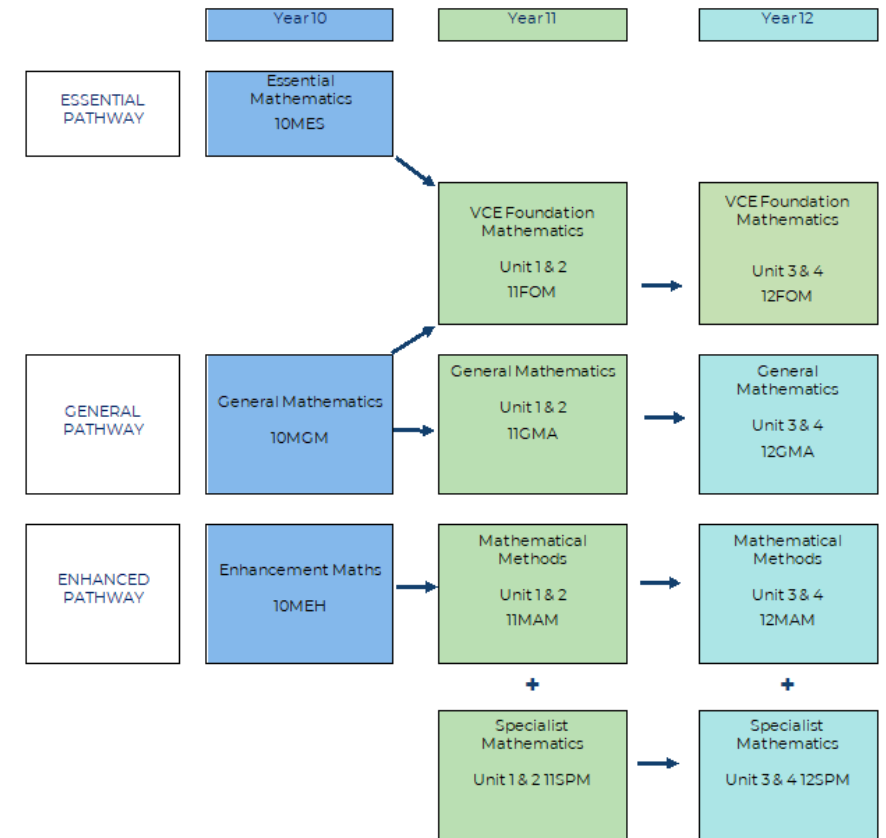

Students choose from:

- **Essential Mathematics** for those who find Mathematics challenging
- **General Mathematics**
- **Enhancement Mathematics** for the very able mathematics student

Students should discuss which Mathematics option best suits their learning needs with their current Mathematics teacher.

See p. 11 of the Curriculum Guide for detailed advice about Mathematics subject selection in Year 10 and VCE

MATHEMATICS PATHWAYS

Religious Education

Compulsory Religious Education is completed for the whole year.

Students choose from:

- **Core Religious Education**

or

- **Youth Ministry** – A program designed to provide students with an introduction to Youth Ministry and Leadership. There is an application form that needs to be completed for this subject

Please refer to p. of the Curriculum Guide for more information.

Health & Physical Education

- Compulsory Core Health and Physical Education is completed for one semester
- Students can choose additional Health and Physical Education units of their choice as electives:

Exploring Personal Health

Sports Science

Explore the Outdoors

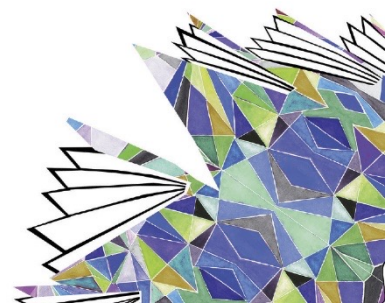

Ninja Warriors

Total Health & Wellbeing

The Structure of Year 10 Studies

Year 10, 2023			Student Name:			Staff Code:		
Sem 1	RE (Core) Or RE Youth Ministry	English (Core) Mainstream Or Foundation English Units 1 & 2	Maths (Core) General Or Enhanced Or Essential	Health & Physical Education (Core) <i>Semester 1 or Semester 2</i>	LOTE (elective)	Science (Choice)	Humanities (Choice)	Free Choice
Sem 2					Interdisciplinary Unit (Choice)	Free Choice	Free Choice	Free Choice

LOTE (French or Chinese)

Students continue with the LOTE studied in Year 9.

French:

- All students will continue French for 1 semester
- A student considering the possibility of VCE French is strongly encouraged to select the French VCE Pathway - 2 semesters

Chinese-Mandarin:

- All students will select VET Certificate II (Mandarin) 1 Semester
- Students can elect to start Certificate III in Semester 2 and complete the Certificate when in Year 11.

This will count as completion of VCE Units 3&4 and contributes towards their ATAR.

Science

Students need to choose at least one Science unit over their Year 10 Program

Life Science

Physical Science

Science Investigators

Forensic Science

Living Cleanly

Third Rock from the Sun

It is highly recommended that students wishing to undertake a science subject at VCE undertake the relevant elective

Humanities

Students need to choose at least one
Humanities subject over their Year 10 Program

Checks & Balances

Teenagers & the Law

Dollars and Sense

Conflict, Culture and Change

Issues and Insights

Interdisciplinary Learning

Students need to choose at least one Interdisciplinary Learning unit over their Year 10 Program

Indigenous Perspectives

Mind Matters: Psychology & Adolescent Mental Health

No Place Like Home

Shaping the World: Arts & History

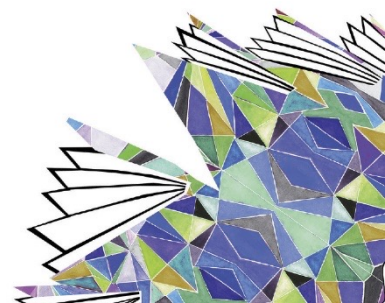

Straight to the Poolroom: Classic Aussie Films

STEM Mad: Making a Difference

The Structure of Year 10 Studies

Year 10, 2023			Student Name:				Staff Code:		
Sem 1	RE (Core) Or RE Youth Ministry	English (Core) Mainstream Or Foundation English Units 1 & 2	Maths (Core) General Or Enhanced Or Essential	Health & Physical Education (Core) <i>Semester 1 or Semester 2</i>	LOTE (elective)	Science (Choice)	Humanities (Choice)	Free Choice	
Sem 2					Interdisciplinary Unit (Choice)	Free Choice	Free Choice	Free Choice	

Free Choice Electives - Technology

Students can choose from the following
Technology subjects

High Tea

Mater Chef

On the Runway

Hello World: An Introduction to Computing & Programming

To Dye For

Bon Appetit

Electives - Arts

Students can choose from the following Arts subjects

Art of Improvisation

Drama Studies

Music on My Mind

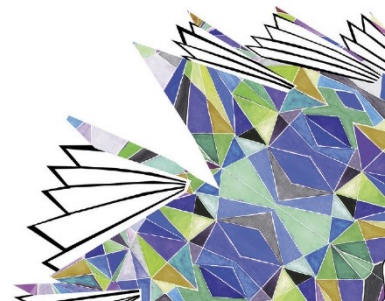

Creative Arts

Visual Art and Design Communication

Photography

Turn it Up

Make a Musical

Free Choice Electives - English

Students can choose an additional English study
from the following

Relationships and Romance
(Literature)

PERSONAL PROJECT

Pathway options for 2023

Certificate options

PATHWAYS PLANNING

TO INFORM SUBJECT SELECTION

Choosing the right pathway

**What do you want
to do after finishing
secondary school?**

Further study / work?

**Don't know yet?
That's ok.**

Think about your
interests and strengths.

**Read the
information
provided**

talk to careers staff /
teachers / parents.

Andy Donnelly – Careers Coordinator

How to choose

The ideal combination is made up of studies that:

- You enjoy
- You are good at
- Reflect your study interests
- Help you meet your goals
- Meet any prerequisites
- Provide you with options

What if I just don't know?

If you have no idea which studies you want to take up after school, don't panic!

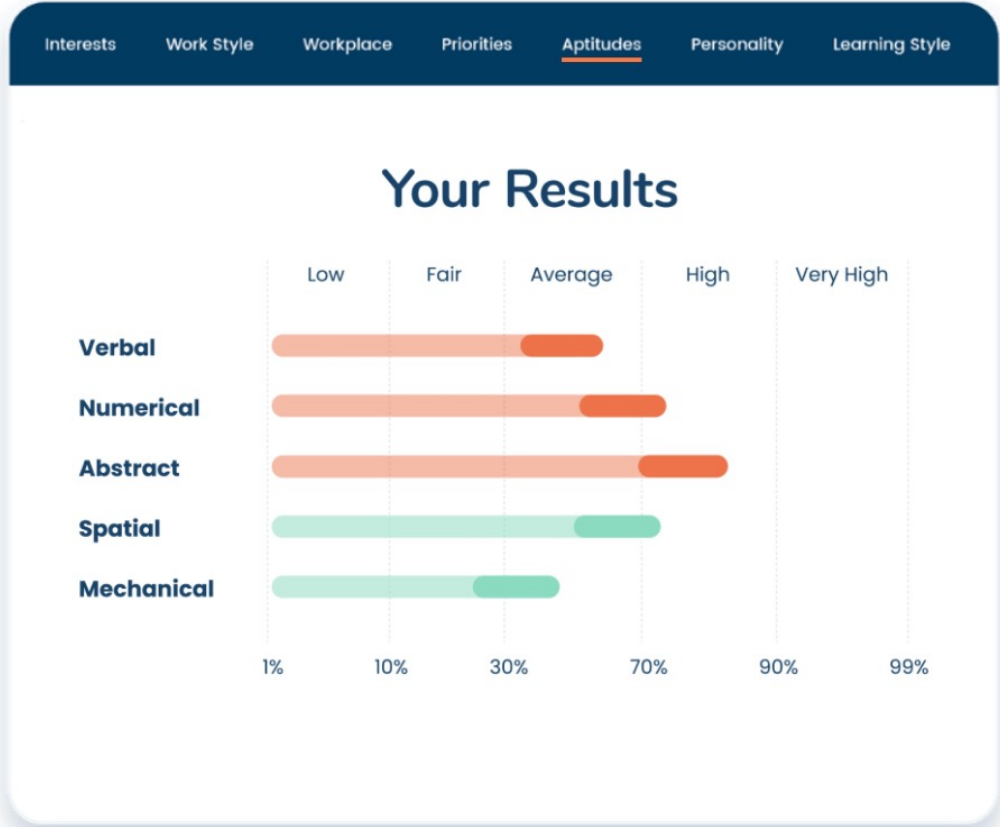

Keep your Year 10 study program broad across different studies and go back to basics:

What you love doing, what you are interested in.

- It's not the only chance you'll have
- You can change your mind
- Many pathways to tertiary study and the career you want

Morrisby Profile

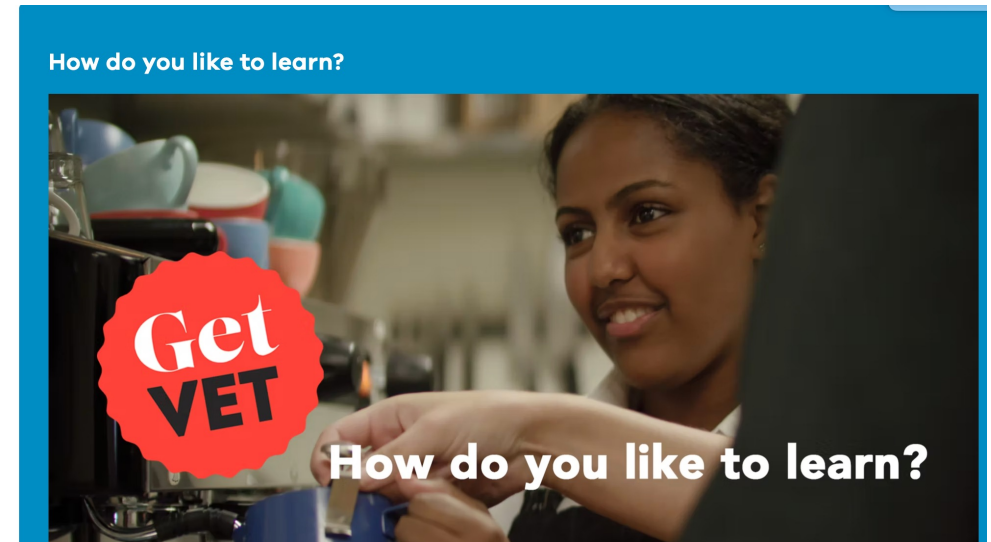

Vocational Education and Training (VET)

Why choose a VET subject?

How do you like to learn?

- Study a subject you enjoy
- Add to your ATAR or VCE qualification (most VET courses carry full VCE unit status)
- Lead to an additional qualification at the end of your VCE/VCE-VM journey
- Provide a direct pathway to a TAFE course
- Provide credits towards TAFE and University courses
- Develop industry specific skills

Some examples of VET Studies

- **Hospitality - offered at Mater Christi College**
- Early Childhood
- Acting
- Equine (Horse Studies) - scored
- Community Services
- Engineering - scored
- Sport and Recreation - scored
- Hairdressing
- Beauty
- Tourism / Events Management
- Allied Health - scored

How VET is Structured

- Usual entry is at Year 11
- Some students commence their VET program in Year 10 as an Accelerated VCE Study and this subject counts for 2 Group A elective units
- Students work through modules with outcomes being assessed for competency
- Assessment is based on students being able to perform tasks and demonstrate skills linked to a specific industry

Course Expectations

- Additional costs are incurred with VET subjects
- External VET courses will require students to travel to a different venue to complete the course
- Many courses have extended hours
- VET subjects require students to utilise their organisational skills

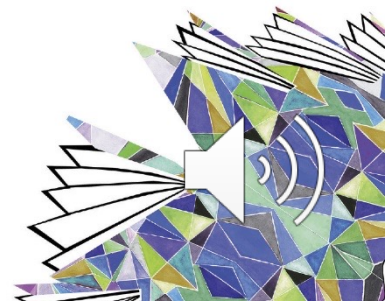

Application Process

- Complete Mater Christi subject selection process and include VET enrolment form
- If the application is accepted, students are enrolled in the VET subject of choice and will receive email confirmation of this. Parents will receive further information at a later stage

For Additional Information

- Sara Mugridge – VET Learning Leader
- Frequently asked questions about VET programs can be found on the VCAA website - <https://www.vcaa.vic.edu.au/curriculum/vet/vce-vet-programs/Pages/Index.aspx>
- Video examples of specific VET Pathways can be viewed here - <https://www.vcaa.vic.edu.au/studentguides/getvet/Pages/Index.aspx>

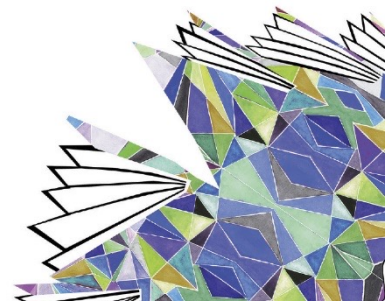

Acceleration into a VCE Study

Accelerated VCE Study - is it for me?

- Year 10 students may apply to complete a Year 11 / Unit 1&2 VCE subject
- Helps maximise their performance, work habits and academic achievement
- Provides an excellent experience for students capable of advanced study
- There are several VCE subjects that would be suitable for **highly able students** to select (see p.5 of the Curriculum Guide).
- A VET course may be undertaken as an Accelerated VCE Study and will count as a VCE Unit 1&2 subject as well as developing skills for future employment
- Students use their two free choices in Group A to undertake an Accelerated VCE Study
- Students need to demonstrate that they meet the selection criteria

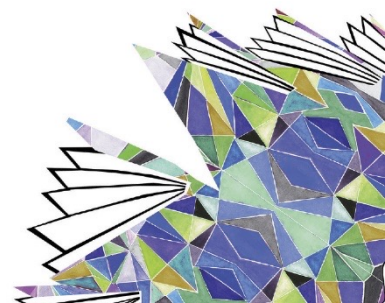

Selection Criteria & Application Process

Highly able students who wish to apply for acceleration must show clear evidence to meet the following criteria:

- *Strong* attendance record that meets VCE requirements
- Strong academic results (minimum overall grade of 5 in a MYP related subject group)
- Highly motivated, strong organisational skills and sound work habits
- Complete [Acceleration Application form](#) with a supporting statement and submitted with Subject Selection/Reenrolment form by **Friday 12 August**

*It is a condition of enrolling in acceleration subject/s in Units 1-2 that students are doing so to maximise their options beyond Year 12 by studying a total of **six Unit 3-4** sequences over two years.*
