

UI/UX Designer I

Full-Time position located at MXOtech in Chicago, IL

Our Application Development division focuses on creating human-centered enterprise applications for healthcare, energy and utility, and SMB customers. We're a growing boutique consulting firm located in the West Loop and are looking for UI/UX Designer.

Overall responsibility:

Serve as a UI/UX designer for enterprise application development projects. This person will be involved in initial requirements gathering and will create wireframes or paper/low-fidelity prototypes to help shape client requirements into a product. This person will create high-fidelity, **interactive** prototypes using **Axure** for a given set of features so that the client can see the actual design of the product and will work with developers to build an understanding of functionality so that the client will receive exactly what they need.

Primary Duties and Responsibilities:

- Design high-fidelity, **interactive** prototypes using **Axure**
- Collaboratively develop product specifications
- Lead consultative, on-site design sessions at a variety of clients
- Understand end-user psychology
- Create personas through user research and data
- Develop wireframes and low-fidelity prototypes to obtain rapid customer feedback
- Develop high-fidelity prototypes from wireframes and low-fidelity prototypes
- Conduct usability testing and gather feedback
- Work with UI developers to implement visually appealing designs

Qualifications:

- Portfolio of design projects
- Understanding of agile project management processes
- Academic background in research
- Familiarity with interaction design
- Understanding of information architecture
- Proficient in design software, with a strong preference towards **Axure**
- Knowledge of HTML/CSS; JavaScript is a plus
- Excellent communication skills
- BSc in Design, Human-Computer Interaction, Computer Science or a related field

Skills:

- Must have a keen eye for design
- Must be highly organized and punctual
- Excellent customer services skills
- Must have a consulting mindset
- Strong and effective verbal and written communication skills

- Must have outstanding presentation skills
- Must be a team player
- Must have a sense of urgency
- Detailed Oriented

Physical demands:

- Ability to periodically stand or walk

Perks:

- Three different BCBSIL health plans, dental, vision and tax-savings health and commuter benefits
- 401k retirement planning opportunities, Divvy bike passes, cutting-edge training opportunities, company lunches and breakfasts, team awards, special company events and celebrations housed within a modern, cozy, work environment.
