FOR IMMEDIATE RELEASE:

XPORTECHS Designs New IT Plan for Hopkins & Wayson

Ellicott City, Maryland – April 1, 2013 – XPORTECHS has recently announced Hopkins & Wayson Inc. as its newest client. XPORTECHS will now be managing all of Hopkins & Wayson's IT needs through their Managed Services solution, XperCARE, and Microsoft's Office 365 cloud service.

Since 1935, Hopkins & Wayson has been constructing quality commercial buildings, in the Baltimore/DC region. Among their many projects are office buildings, retail centers, churches, community buildings, and grocery stores.

Hopkins & Wayson is in the process of replacing their existing IT structure in order to increase productivity, provide ease of administration and reduce costs. They have determined XperCARE as the best solution in order to meet their goals. Once the system is fully implemented, XPORTECHS will be able to monitor the Hopkins & Wayson network remotely 24/7 and provide key IT functions such as: helpdesk, problem remediation, remote backup, patch management, anti-virus/spyware protection, Internet security, and content filtering. Hopkins & Wayson will also be utilizing Microsoft's Office 365 cloud solution for document management and collaboration.

“XPORTECHS is very excited about the relationship with Hopkins & Wayson. Our expertise enables us to provide the very best technology support to businesses like Hopkins & Wayson. We are looking forward to improving their systems with our market-leading solutions” said Michael Mellott, President at XPORTECHS.
