FOR IMMEDIATE RELEASE:

XPERTECHS Welcomes New Client Machado Construction Company

ELLCOTT CITY, MD – February 20, 2017 – XPERTECHS is pleased to announce Machado Construction Company as their newest client. XPERTECHS will be managing all of Machado’s IT needs through their Managed Services solution, XperCARE.

Established in 1985, Machado Construction provides concrete removal, excavation, concrete ready mix supply, form and pour, concrete rubble disposal, aggregate supply, and trucking. With over 50 employees, Machado continues to develop their relationships with customers and other industry leading companies in the Baltimore area.

Machado Construction determined XperCARE as the best solution in order to meet their goals. XPERTECHS will design and implement a new Proactive IT support system through its Managed Services package. Once the system is fully implemented, XPERTECHS will be able to monitor Machado’s network remotely, 24/7, and provide key IT functions such as: help desk, problem remediation, remote backup, patch management, anti-virus/spyware protection, Internet security, and content filtering.

“XPERTECHS is looking forward to providing Machado Construction with world-class IT services and support. Our certified technicians and experience allows us to provide the very best technology support to businesses like Machado, and improve their systems with our market-leading solutions” said Michael Mellott, President at XPERTECHS.
