XPERTECHS Named One of 2018 Tech Elite Solution Providers by CRN®

ELLICOTT CITY, MD - March 27, 2018 – XPERTECHS announced today that [CRN®](#), a brand of [The Channel Company](#), has named XPERTECHS to its 2018 Tech Elite 250 list for a second straight year. This annual list honors an exclusive group of North American IT solution providers that have earned the highest number of advanced technical certifications from leading technology vendors, scaled to their company size.

To compile the annual list, The Channel Company's research group and CRN editors work together to identify the most customer-beneficial technical certifications in the North American IT channel. Solution providers that have obtained these elite designations—which enable them to deliver premium products, services and customer support—are then selected from a pool of online applicants.

"XPERTECHS is committed to delivering world-class IT solutions to our customers to improve their business performance, productivity and profitability," said Michael Mellott, President, XPERTECHS. "Our solutions leverage the training, education and certifications of our technical team, bringing our IT expertise together with best-in-class infrastructure, industry-leading software and cloud platforms – all focused around our customers' success. To be named by CRN as a Tech Elite 250 solution provider for a second straight year is a validation of our customer-centric philosophy, and an honor for the XPERTECHS Team."

"Being named to CRN's Tech Elite 250 list is no small feat," said Bob Skelley, CEO of The Channel Company. "These companies have distinguished themselves with multiple, top-level IT certifications, specializations and partner program designations from the industry's most prestigious technology providers. Their pursuit of deep expertise and broader skill sets in a wide range of technologies and IT practices demonstrates an impressive commitment to elevating their businesses—and to providing the best possible customer experience."

Coverage of the Tech Elite 250 will be featured in the April issue of CRN, and online at www.crn.com/techelite250.
