## Level 3 Rates

Level 3 processing allows you to receive discounted rates on Visa and MasterCard B2B transactions. The average small to mid-sized business saves \$18,000 per year by providing the comprehensive level 3 data requirements. APS Payments Sage integrations will automatically send the required data for you, to ensure quick payments at lower costs.

## ClickToPay + ClickToPay Direct

APS **ClickToPay** is a simple and secure way to have invoices paid directly from Sage 100 to your customers. You simply send a copy of the invoice via email, your customer opens the email, and selects which payment method they would like to use. ClickToPay allows your customer to create a profile and save their card or bank account information on file for future payments.

Our exclusive **ClickToPay Direct** product is the latest advancement in Bank-to-Bank transfers. Reduce chargeback replies to 72 hours for B2B transactions while allowing your customers to easily make secure transfers directly through Sage 100.

## Fast, Convenient, Secure Mobile Payments

ScanForce Mobile Sales for Sage 100 allows your sales team to create invoices in the field, at tradeshow, or in your showroom and process secure payment immediately when integrated with APS Payments. Available on rugged bar code scanning devices, iOS, Android, Windows PCs, and laptops your sales team can view and sell the right quantities, capture signatures, and print receipts in the palm of their hand. Sell more, get paid faster, and increase customer satisfaction by offering an easy and secure way for customers to transact with you.

Every Business. Every Payment.
