*Your best choice for Home Choice*

## **WE SPECIALIZE IN TRANSITION COORDINATION**

Since 2000, we have helped nearly 600 people to regain their independence and find homes of their own in the community.

## **WHAT SETS US APART:**

### **WE SUPPORT YOUR CHOICES AND DREAMS WITH HIGH EXPECTATION**

As a program of The Ability Center, we are part of a family of dedicated people who can provide ongoing support beyond the initial transition. Getting you into a safe and comfortable home of your own is a great start, but we can also offer you an opportunity to get back into life, reconnect with your community, and reach for your dreams, whatever they may be.

### **OUR HOME ACCESSIBILITY PROGRAM**

We have an entire department dedicated to providing accommodations within the home. From a ramp to grab bars and other minor modifications, we have an understanding of what is available to make your home work for you.

### **OUR COMMUNITY CONNECTION**

Whether looking for additional support resources, transportation options, or an art class, we have close relationships with social service agencies and many community partners. We can help you stretch limited funding, get what you need to be independent, and help you find things to do that make you happy.

***We are here for you and we will walk along with you every step of the way.***

***“For me, it’s about freedom. I can live my life and do what I want without having to sign in and out.”***

***“The grab bar and threshold ramps make it a lot easier for me now. It is a blessing I was able to get this home already accessible with a ramp.”***

- ***One Office. One phone number.***
- ***We offer comprehensive, in-house support as you transition back into your Community.***
- ***We are the only organization that does it all.***
