

The Ability Center

Making independence possible since 1920

Girl Scout Autism Awareness Training

Be one of 40 Girl Scout troops to explore autism awareness for your future leaders. This program is designed to teach elementary and middle school children about their peers with autism. These activities can be completed in one troop meeting.

Each troop will be mailed a lesson plan for the leader and an activity booklet and pencil for each girl. A \$10 gift card will also be provided to each troop!

VIRTUAL TRAINING

Each troop leader will receive guided instruction via Zoom to complete the curriculum and offer guidance on ways to implement best practices when interacting with others with autism.
