

Steel Pallet & Riser Systems

Helping companies make thousands of everyday products
faster, safer & easier

SCHLUMPF USA

They're in your warehouse or manufacturing space. They're heavy, dirty, and manytimes broken or missing parts. Wood pallets problems can be completely eliminated with modular steel pallets & pallet risers from Schlumpf. Call us today for a free evaluation of your handling process!

Heavy duty modular steel pallets

- Up to 10,000 lbs (4500 kg) maximum capacity
- Standard or custom sizes up to 60" x 60" (1500mm x 1500mm)
- Rolled steel construction for years of heavy use
- Galvanized finish for easy cleaning & rust protection
- Shipped in kit form. Assembled in minutes
- Lightweight and easy to handle
- Heat and moisture resistant
- Stronger than plastic pallets or fiber

Heavy duty pallet risers

- Raise wood or plastic pallets off the floor
- Same construction as modular pallets
- No bottom slats
- Easy 4-sided access for handling equipment or pallet trucks
- 6" - 150mm clearance floor to frame
- Up to 10,000 lbs (4500 kg) maximum capacity
- Standard or custom sizes up to 60" x 60" (1500mm x 1500mm)

**Machines with legs?
Clearance issues?**

**No problem! Drive under
our pallets and pallet ris-
ers! Custom sizes and
heights are available.**
