## Stand Description

The Liftsafe DF071553-01 Cabin Interior Access Stand is ideal for use in the economy aisle and is designed to fit over most economy and some business class seats. It has been designed as a single worker unit with a capacity of 330 lbs. It is collapsible for easy carrying and storage. The ladder is of durable construction made primarily of structural aluminum with stainless steel hardware and a self-weight of only 25 lbs. Anti-slip ladder rungs ensure maintenance staff and employee safety during operation.

The Cabin Access Stand is ideal for ramp use and can easily be carried up ramp stairs.

The ladder is designed and tested in accordance with ANSI-ASC A14.7 and BS EN 131.7 including CE Certification.
