

Referred = Preferred

Share your support... and ours.

In just one easy step, you can refer an organization to enroll in one of PCPC's powerful managed IT service plans.

Peace of mind for them.
Cash for what you love.

How it works:

Share the name, title and contact information for a qualified potential client either through our secure form online, or by emailing us at referrals@pcpc.tech.

When your referral signs up for one of our managed IT service plans for 10 or more workstations, we'll cut a check for **\$1000** to you, or in the name of your favorite charity.
