

Referred = Connected

Offer clarity to your connections...

In just one easy step, you can refer an organization to enroll in one of PCPC's robust unified communications plans.

Clearer calls for them. **A check clearing for you.**

How it works:

Share the name, title and contact information for a qualified potential client either through our secure form online, or by emailing us at **referrals@pcpc.tech**.

When your referral signs up for one of our robust unified communications plans for 20 or more licenses, we'll cut a check for **\$150** to you, or to your favorite charity.
