June 2015

We hope you enjoy our summer issue highlighting our 2015 SeaKeeper Award recipient Fabien Cousteau, most recent activities with DISCOVERY Yacht missions, and member events.

EVENTS

Fabien Cousteau Honored

SeaKeepers is proud to announce Fabien Cousteau as the 2015 SeaKeeper Award recipient. We are delighted to honor Fabien on November 5th during FLIBS. [Learn More](#)

Barcelona Yacht Rendezvous

SeaKeepers hosted the Barcelona Yacht Rendezvous celebrating DISCOVERY Yachts on May 8, 2015 at Marina Port Vell. [View the post-event page](#)

Member Event with Horizon Yachts

SeaKeepers thanks [Horizon Yachts](#) for hosting a member event during the Palm Beach International Boat Show. Become a [SeaKeepers Member](#) and attend our next event

WHAT'S HAPPENING

Danish Yachts

SeaKeepers announces Danish Yachts as its first DISCOVERY Yachts Program Partner in the Baltic Sea. [Danish Yachts](#) will support instrument deployments by placing five SeaKeepers Drifters on each Cat-SWATH vessel built.

Venü Magazine

Venü Magazine features SeaKeepers DISCOVERY Yachts Programs in its Spring/Summer issue. Visit [Venü's online magazine](#) to read the feature and learn more about SeaKeepers.

Climate Change Meeting

SeaKeepers met with British Consul General David Proddger and University of Miami scientists Dr. Harold Wanless and Dr. Brian Soden to discuss the impacts of rising sea levels to South Florida.

PROGRAMMING

Fugitive in the Bahamas

D/Y *Fugitive* hosted the University of Miami's RJ Dunlap team to retrieve and redeploy hydrophones used for Tiger Shark research in the Bahamas. *Fugitive* also deployed its third drifter en route to West End, Bahamas.

Reel Buzz Morphology Research

SeaKeepers and The Billfish Foundation have teamed up to develop new methods for determining billfish health. In April, they trolled for billfish off Bimini onboard D/Y *Reel Buzz*.

Drifter Design Experiments Continue

For the second time, SeaKeepers and D/Y *Shredder* of Fleet Miami worked with CARTE scientists to test drifter designs off the Miami coastline.

[Learn more about these expeditions](#)

Defiance Outreach Program

SeaKeepers hosted an outreach program with Youth Making Ripples Film Festival award-winners, guests, and film makers onboard D/Y *Defiance* in April. [Learn more](#)

Penny Mae visiting Cocos Island

Take a look at what [D/Y Penny Mae](#) is doing on Cocos Island. Watch all of our DISCOVERY Yachts in action on [SeaKeepers YouTube Channel](#).

Octopus Drifter Deployment

In April, SeaKeepers D/Y *Octopus* deployed a drifter in the Arabian Sea. This is the first SeaKeepers Drifter deployed in the Indian Ocean. [Learn more](#)
