Bloomfield Hills, Michigan, November, 2006 – The Anderson Group, LLC, a Bloomfield Hills, Michigan based operationally-focused private equity firm, today announced the sale of Digital Excellence to Advanced Duplication Services, LLC. Digital was acquired by Anderson in January 2002, from EMC Corporation.

Digital Excellence, Inc. is one of the leading producers of top-quality CD, DVD video and cassette products serving the text book publishing industry. Founded nearly fifty years ago, Digital Excellence can provide selected services or produce an entire media project, from concept to order fulfillment. The company's many services include: authoring and mastering, off set printing, unique packaging solutions and customer order fulfillment.

“Digital is an excellent company with a strong customer base. We feel that the company will be an excellent addition to Advanced Duplication Services, LLC, as Advanced Duplication Services, LLC participates in the same industry as Digital,” said Barry Shapiro, an Anderson Partner.

About The Anderson Group

Headquartered in Bloomfield Hills, Michigan, The Anderson Group is an operationally-focused private investment company specializing in acquiring and managing manufacturing, distribution and service businesses at the lower end of the middle market. With over 70 years of cumulative investment experience, Anderson principals generally target two types of transactions: turnaround opportunities or special situations investments. In turnaround transactions, Anderson targets good businesses that are experiencing financial difficulties that can be addressed with a comprehensive plan that typically involves the restructuring of a company's liabilities. Special situation investments consist of opportunities either where smaller, neglected divisions of larger companies seek to break away from their corporate parents or where current ownership is seeking liquidity but at the same time is desirous of maintaining a substantial equity stake in the business after sale.
