

University of North Carolina at Charlotte Belk Gymnasium Renovation

- New Atlantic was selected as the construction-manager-at-risk, along with the architect C design, Inc., to renovate this 122,461 SF, 3-story facility and add an 8,880 SF addition on the campus of UNC Charlotte.
- Constructed in 1969, the facility was in need of a major face-lift. This building provided classroom space and recreational areas for the College of Health and Human Services and Recreation Service departments as well as other disciplines.
- The entire facility underwent renovations that encompassed new mechanical, electrical, plumbing, and fire protection systems, new finishes, refinishing of existing sports flooring, and an exterior restoration. A new lobby was added to the front of the building.
