

Adobe Creative Cloud for education

Higher education licensing overview

Licensing for classrooms, labs, small workgroups, and departments.

Only Adobe brings together an essential and comprehensive set of integrated apps and services to further collaboration and creativity in education. With Adobe Creative Cloud, your institution gets:

Creative desktop and mobile apps that are always up to date

Get ongoing access to industry-leading creative software, including favorites like Adobe Photoshop, Illustrator, and Premiere Rush, apps like Adobe Fresco and Photoshop on iPad, and tools that offer new creative frontiers in 3D design, voice prototyping, and 360/VR video. And now, Creative Cloud All Apps plans for higher education include access to Adobe Substance 3D apps at no additional cost. All named-user licenses include access to mobile apps, new features, and updates as soon as they're released.

Powerful creative services and secure sharing

All licensing options include access to online file storage, hundreds of free web fonts from the Adobe Fonts service, and Adobe Portfolio and Behance for showcasing creative work.^{††} Named-user and student licenses also include Creative Cloud Libraries for file access and sharing inside Creative Cloud apps, prebuilt design templates and assets from Creative Cloud Assets, and much more.

Simplified deployment and management

A web-based Admin Console makes it easy to purchase additional seats, add users, and manage software updates.

Easy ways to integrate the apps into your curricula

The Adobe Education Exchange <https://edex.adobe.com> helps educators ignite creativity with professional development opportunities, learning resources, and peer-to-peer collaboration provides ideas and inspiration to integrate Creative Cloud into your curriculum and course projects.
