

# Desktop & User Care

## SERVICE BRIEF

### Level-1 Priority Desktop & User Care

Proactive Maintenance and Security Updates for your Workstations,

support. Our Flat-Rate resolves the issue of having to wait for approval to increase IT support costs. With Desktop & User Care, we generate detailed inventory reports and configurations related to all the preventive maintenance activities conducted through the Braver Technology Network Operations Center (NOC). We track serial numbers, license expirations, warranties, vendor information, detailed service responses and much more. The platform comes with a built-in scripting engine and can also be used to deploy software applications remotely and automatically.

### All-You-Can-Eat Helpdesk Support

**End-users are human. Shouldn't their IT support be human too?**

Your end-users' time is best spent working for your organization, not managing IT issues. We make it simple by offering fast and reliable 24x7x365 support for your users, as well as Proactive Desktop Remote Management and Maintenance for your workstations. Now your end-users don't need to worry about racking up bills whenever they need support.

### The Braver Desktop Platform

**Remote monitoring, maintenance, reporting, and cost-effective support.**

Braver's Proactive Managed Desktop Care provides comprehensive preventative maintenance services remotely. This solution is comprised of: a desktop/laptop agent within the Braver Technology platform with all of the intelligence built-in to conduct day to day preventive maintenance services, a bundled managed Anti-Virus Package, and remote access.

Empower your staff by giving them direct access to our unlimited phone and remote

*"No IT question is too small for the Braver Technology Help Desk"*

With Braver Technology Desktop & User Care, your end-users can create service tickets without having to worry about costing your company extra money. End-users can even call the Braver Helpdesk with questions about a standard desktop applications. The Braver Helpdesk is staffed with experienced Level 2 Engineers with 2 to 6 years of desktop and server support experience. We also offer 24x7x365 phone support for after-hours and weekends.

### Unlimited On-Site Support

Unlimited On-Site Support is exactly as it sounds like; when an issue cannot be resolved remotely, a technician will arrive on site with the tools and resources to resolve the issue at hand. This would be the case for hardware issues, issues involving a lack of connectivity to the network or Internet, and anything else that requires a physical set of hands on site. This ensures that we only go on-site when it is necessary, keeping our costs to you low.
