Mr. Dan Beck  
Beck Roofing Corporation  
5600 Greenwich Rd.  
Virginia Beach, VA 23462

Dear Mr. Beck:

Without a doubt, the Bay's future is brighter because of you. Thank you for your kind donation of excess zinc roofing materials for the Chesapeake Bay Foundation's (CBF) Brock Environmental Center. You, Henry Fitzgerald, and Beck Roofing's associates did an exceptional installation of the iconic zinc roof at the Brock Environmental Center. Gifts of every kind help CBF to protect, preserve, and restore the Bay and its tributaries for current and future generations. Thank you for being a part of this legacy project.

This was a complicated project, made even more complex by the strict adherence to Living Building Challenge guidelines. Beck Roofing rose to the occasion and then some! We are especially appreciative of Beck Roofing's willingness to save the scrap zinc roofing material for CBF, which was re-used both to cover a large rain barrel onsite, and to fabricate custom coasters, further minimizing the Brock Environmental Center's construction waste-stream.

Beck Roofing's craftsmanship was fantastic, and their work ethic and work-site management were of even higher quality than we could have anticipated. Beck Roofing paid attention to the needs of this project. Safety, schedule, communication - all were excellent. Most importantly and what truly made this experience stand-out for us was that Beck Roofing treated CBF's project as a personal investment, this was not just another job. We would absolutely use Beck Roofing again, and would not hesitate to recommend them.

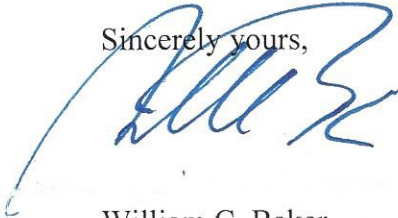

Henry went above and beyond, taking time make a special cross-section of the roof that we will display inside the Brock Environmental Center for visitors to see and learn from. Henry also constructed and donated a split cedar bench for Brock Environmental Center, a gift that CBF and visitors will treasure for years to come.

*continued*

Your support helps us continue vital community education and restoration programs, which benefit each and every one of the 17 million people who call the watershed home, and for that we are so very grateful.

Again, thank you, for your support.

Sincerely yours,

William C. Baker  
President

Mary Tod Winchester  
Vice President of Admin

Paul Willey  
Director of Fleet and Facilities

P.S. In appreciation, we would like to recognize you in our annual report as: *Beck Roofing Corporation*. Your name may also be listed on our website or other publications. If you would prefer to be listed differently, please contact Pam McClanahan, Donor Relations Coordinator, at 410/268-8816 or [pmcclanahan@cbf.org](mailto:pmcclanahan@cbf.org).
