Third Quarter 2013

Kidnap & Ransom (From AIG)

In today's global business climate many organizations conduct business across multiple geographies and employee travel to foreign countries has become a common business practice. Often forgotten, however is the fact that these individuals can be seen as a valuable commodity making them vulnerable to crisis events such as kidnap-for-ransom, extortion (KRE) and disappearance.

Features & Benefits

- Coverage for business travelers and high-net worth families and individuals
- Programs tailored for the distinct needs of industry groups including NGO's, Education and Healthcare
- Services of NYA International's world-class crisis management specialists located in strategic hubs around the world
- Access to Global SafeTravel, an easy-to-use, web-based system that enables organizations to keep their business travelers informed and up-to-date, manage, track and communicate with traveling employees and provide them with immediate, 24/7 assistance in the event of any incident
- Around-the-clock coverage for insured persons and relatives, whether business related or otherwise
- 24/7 access to in-house claims personnel dedicated solely to kidnap, ransom and extortion claims
- Consistent top quality service throughout the quote, bind and renewal process by our national service center and regional field staff

PAU Highlights

- Property capability up to \$100MM
- Automobile liability limits up to \$2MM
- Pollution liability on fuel trucks with MCS-90 Filing
- World wide ocean cargo coverage
