KOCSIS TECHNOLOGIES, INC.

Market:

Manufacturing

Issues:

- Phone system calls have static
- Voice calls dropping
- Poor quality of voice call

Solutions:

- Adtran Quality of Service Managed Switches
- Design VLAN's for network
- Gave voice call traffic priority over data traffic for improved performance

"HTS analyzed and redesigned our network traffic with new Adtran managed switches. Now our voice and our data communications work like they should! We are very pleased with HTS recommendations and support in improving our communications!"

Christopher Pawlowski
Network Manager
