

Case Study Village of Palos Park

13600 S. Kenton
Crestwood, IL 60445
Phone: (708) 597-5005
Fax: (708) 597-5091
Email: hts@htspc.net

Market:

Government – Local

Issues:

- Needed ADA compliant opener on entrance door.
- Traditional wiring would compromise architectural design.
- Electrical connections would compromise aesthetics of building.
- Preferred an environmentally friendly solution

Solutions:

- Installation of wireless ADA compliant door opener.
- No electrical needed, system battery charged by friction of door
- System is completely off grid and does not require external power.

“Not only is it less expensive to install and operate, it doesn’t look as bulky as the traditional openers.”

Kathie May, Assistant Village Clerk.
