## **LOCAL GULF COAST BUSINESS OWNER JOINS ELITE PARTNER ADVISORY COUNCIL FOR PREMIER SECURITY ENTERPRISE**

**Robertsdale, AL (August 2, 2019)** – Founder Phillip Long of BIS Technology Group, the leading technology provider and digital marketing firm on the Gulf Coast, recently joined the Netsurion Partner Advisory Council.

Long is among a small, elite group of IT entrepreneurs who provide insight into the technology sector and, more specifically, the managed services industry. These business owners assist Netsurion and Event Tracker by offering valuable feedback on products, partner tools and partner engagement.

"This has been a game-changing experience to collaborate with other managed service providers all over the United States and Canada," said Phillip Long, CEO of BIS Technology Group. "Being a part of this council allows BIS to be on top of the latest security trends as well as provide our clients with up-and-coming, transformative technology."

The Netsurion Partner Advisory Council meets on a monthly basis to discuss how to enhance products and provide better security for their clients, including how to improve Security Operations Center (SOC) and Network Operations Center (NOC) capabilities.

### **About Netsurion**

Netsurion is the premier managed network security solutions provider. Their single suite of managed network services combines connectivity, threat and compliance management. In 2016, Netsurion acquired EventTracker, a leader in Security Information and Event Management (SIEM), to effectively deliver both NOC and SOC capabilities.
