BIS PARTNERS WITH LOCAL NON-PROFIT FOOD PANTRY IN THE FIGHT AGAINST HUNGER THROUGH BALDWIN COUNTY

Robertsdale, AL (December 10, 2020) – BIS Technology Group (BIS), the leading technology provider and digital marketing firm on the Gulf Coast, has partnered with Prodissee Pantry, a non-profit community ministry providing emergency food and disaster relief, to help fight against hunger in Baldwin County, Alabama.

Recently, BIS held a food drive along with Gulf Coast Plastic Surgery and Gulf Shores Title Company called Byte Into Hunger. They were able to contribute donations just in time for Thanksgiving and the upcoming holidays.

"I'm so impressed with Prodissee Pantry," said Phillip Long, CEO of BIS Technology Group. "The way the organization is set up and the amount of good they're doing for the community is just incredible. In fact, I plan on taking my wife and children there to volunteer because it's important for us to be a part of something bigger than ourselves."

In the future, BIS has plans to stay involved with Prodissee Pantry by volunteering after-hours at the general work night on Wednesdays from 6 pm to 7 pm. A podcast interview with the executive director Deann Servos will be available December 26th.

BIS Technology Group recognizes Gulf Shores Title Company and Gulf Coast Plastic Surgery for their contributions to the cause.

About BIS Technology Group

BIS Technology Group is the technology leader on the Gulf Coast and is comprised of four divisions: information technology, web design & digital marketing, office equipment and business consulting. Together these divisions help local businesses exceed expectations and allow them to group to their full potential while minimizing risks. BIS is located in Robertsdale, AL.
