

What is Sage 100c?

Sage 100c is a modernized version of Sage 100

Think of Sage 100c as a "deluxe" version of Sage 100. The interface has been freshened up. Sage 100c is based on the same Sage 100 business management platform we've offered for decades, now modernized with a new user interface and mobile access. Otherwise, Sage 100c features the same capabilities as the latest version of Sage 100 (currently Sage 100 2016).

Sage 100c Highlights

Easier Navigation

Change fonts on the desktop and task window, customize desktop themes, and color schemes.

Application Scaling

Change the resolution of your screen to fit properly on high-definition screens.

Business Insights Dashboard

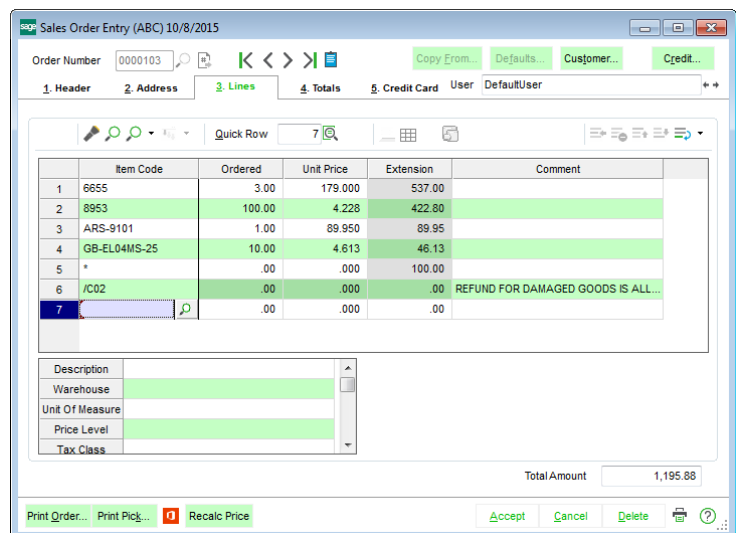

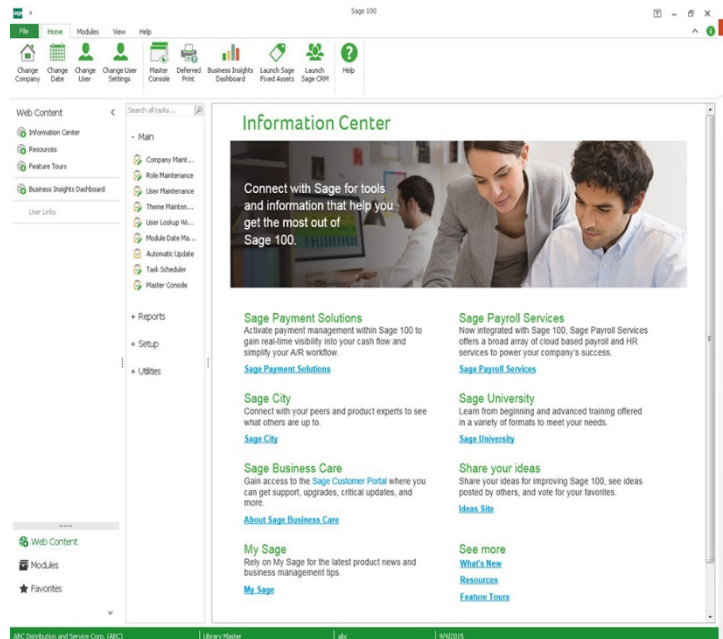

Improved access to the Business Insights Dashboard, which has been given a modernized look. Show Less

Personalization and Security

Individual users can change colors and themes, while accessing only the information they are authorized to see.

Persistent Web Content

Easily get to commonly used websites and activate services like Sage Payment Solutions and Sage Payroll Services.
