**Capstone IT Appears on the Inc. 5000 for the 4th Time,
Ranking No. 4175 With Three-Year Revenue Growth of 75% Percent**

August 14, 2019 – *Inc.* magazine today revealed that Capstone IT, an Iconic IT company, is No. 4175 on its annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

Capstone Co-CEO Sitima Fowler said, "Being recognized on the Inc. 5000 is a great honor. Capstone has experienced tremendous growth, thanks in part to our highly talented and knowledgeable staff, who keep their focus on extraordinary IT support. We have great clients, who are loyal and often refer Capstone to other businesses. That has been our formula for success."

Applying companies are ranked according to percentage revenue growth when comparing 2015 and 2018. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2018. Of the tens of thousands of companies that have applied, only a fraction have made the list more than once. A mere one in thirteen US companies make the list four times.

Capstone is one of four MSPs to recently merge into Iconic IT, LLP. "Next year we will be able to apply for the inc5000 under one company – Iconic IT", says Mike Fowler, Co-CEO of Capstone IT and CEO of Iconic IT. "We look forward to collectively reaching a record-high ranking as testament that we are truly 'Better Together'."

The 2019 Inc. 5000 is ranked according to percentage revenue growth when comparing 2015 and 2018. To qualify, companies must have been founded and generating revenue by March 31, 2015.
