FOR IMMEDIATE RELEASE:

XPERTECHS Ranked Among Top 501
Managed Service Providers For A Third Straight Year

Ellicott City, Maryland – May 31, 2016 - XPERTECHS ranks among the world's most progressive 501 Managed Service Providers (MSPs), for a third straight year, according to Penton Technology's 9th-annual MSP 501 list and study. The top MSP 501 companies ranked this year include organizations from around the world and from diverse technology and business backgrounds.

The complete 2016 MSP 501 list is available at MSPmentor. In addition to honoring XPERTECHS, this year's MSP 501 list and study showcases the following:

- The top ranked MSPs in North America
- The top MSPs in Europe, Middle East and Africa
- The top MSPs in Asia, Australia and New Zealand
- The top Small Business MSPs' list, comprised of organizations with 10 or fewer employees
- The top vertical markets pursued by MSP 501 companies
- The leading tools they leverage to run their businesses
- And the top technologies they provide to customers

"It's a great honor to be once again included on this prestigious list. We are proud of the hard work and growth that our business has experienced over the last year, and are excited about our planned growth over the next twelve months." said Michael Mellott, President at XPERTECHS.

"On behalf of Penton and MSPmentor, I would like to congratulate XPERTECHS for its recognition as an MSP 501 honoree," said Aldrin Brown, Editor in Chief, MSPmentor. "The managed service provider market is evolving at a rapid pace and the companies showcased on the 2016 MSP 501 list represent the most agile, flexible and innovative organizations in the industry."

The 2016 MSP 501 list is based on data collected by MSPmentor and its partner, Clarity Channel Advisors. Data was collected online from March through April 2016. The MSP 501 list recognizes top cloud service providers based on metrics including recurring revenue, growth and other factors. In addition to a ranking on the MSP 501 list, every company that participated in the study has been assigned a score reflecting its intrinsic

value. The measure, known as the Total Service Provider (TSP) score, evaluates an MSP's mix of revenue from various activities, including consulting, cloud, reselling and managed services.
