

"I'll email the document to myself so I can work on it from home."

"I only have my phone or tablet so I can't see the document."

## WHAT **BLOCKS** YOUR LAWYERS FROM WORKING ANYWHERE?

"Remotely accessing my computer while out of the office is unreliable"

"I'm out of the office, I'll respond to the clients question tomorrow."

"I am hesitant to store any client confidential data on my firms laptop due to privacy and data breach concerns."

## WORK ANYTIME, ANYWHERE ACROSS DEVICES

### **GIVE LAWYERS CHOICE OF DEVICE**

Enable lawyers to access MSOffice, legal applications, client information from anywhere, on any device across Windows, Android, and iOS.

### **ACCESS DOCUMENTS ON THE GO**

Read, edit and share Word, Excel and PowerPoint client documents from your hosted desktop while on the go.

### **SWITCH DEVICES WITHOUT MISSING A BEAT**

Your legal applications and documents follow you across devices so you can continue where you left off.

“Enabling lawyers across the firm to use their mobile devices for immediate, effective collaboration helps us increase our productivity and ultimately client satisfaction.”

# IMPROVE FIRMS EFFICIENCIES

## **REDUCE THE INFORMATION GAP**

Share information and updates quickly, with lawyers in different locations using email, a shared document repository across devices, with a hosted desktop.

## **LOWER COSTS**

Implement a bring your own device strategy to potentially lower hardware costs while maintaining control with enterprise data protection.

## **SAVE TIME**

Improve meeting scheduling by leveraging Exchange to get more done, on the go.

## ENSURE SECURITY & COMPLIANCE

### **PROTECT USERS AND MANAGE DEVICES**

Secure devices with remote wipe, device settings and restricted actions.

### **SAFEGUARD INFORMATION**

Access content with secure authentication whether you are in or away from the firms network.

### **DELIVER PROTECTION**

Help protect your most sensitive data with encryption at rest and in transit.
