

Electric Expand-O-Turn

FACTORY SUPPLY INC.
3412 49th Street North
Saint Petersburg, FL 33710

Designed For

The 12107-1 Series Electric Expand-O-Turn roll handling device is an electrically operated core expander designed for paper and film rolls with 3" and 6" cores.

Movement

This roll handling device allows for you to manually rotate the roll of a variety of different dimensions, and rolls which weigh up to 300 lbs. The rolls can be picked up from the vertical position at floor/pallet level and deposited at random heights in a horizontal position.
