The American Heart Association and American Stroke Association recognize this hospital for achieving 85% or higher adherence to all Get With The Guidelines® Stroke Performance Achievement indicators for consecutive 12 month intervals and 75% or higher compliance with 5 of 8 Get With The Guidelines Stroke Quality Measures to improve quality of patient care and outcomes in addition to achieving Time to Intravenous Thrombolytic Therapy ≤ 60 minutes in 50% or more of applicable acute ischemic stroke patients (minimum of 6) during one calendar quarter.

Learn the signs of a stroke and act F.A.S.T.:

FACE: Ask the person to smile. Does one side of the face droop?

ARMS: Ask the person to raise both arms. Does one arm drift downward?

SPEECH: Ask the person to repeat a simple phrase. Is their speech slurred or strange?

TIME: If you observe any of these signs, don't waste time! Call 911 immediately.
