

**Subject:** Drill and Blast Notification - 63rd St

All-

Please be advised, the contractor on the East Side Access Project has scheduled controlled drill and blast activity in the area of 63<sup>rd</sup> St and 2<sup>nd</sup> Avenue within the already excavated assembly chamber. This will be a relatively small blast and is needed to remove protruding rock from the walls of the assembly chamber. Although we do not foresee the contractor needing to schedule an additional blast to complete this work, that can only be determined when the scheduled blast is completed.

We are committed to completing this work with the least amount of disruption to you. We apologize for any inconvenience this may cause and appreciate your patience and understanding as we progress this project. Please see blast notification below:

**LOCATION: EB Assembly Chamber (63<sup>rd</sup> & 2<sup>nd</sup> Ave)**

**DATE: May 3, 2012**

**REQUESTED BLAST TIME: 1100 hrs (12:00pm – 1:00pm)**
