**RE: C-26008- Construction of Part of Second Avenue Subway Route 132A  
86<sup>th</sup> Street-Station Cavern Mining and Heavy Civil/Structural in the Borough of  
Manhattan**

**Subject: Full Closure of East 83<sup>rd</sup> Street between 1<sup>st</sup> and 3<sup>rd</sup> Avenue**

Dear Ms. Ludorf:

We are writing this letter as per note 77 on contract drawing CM0004 to inform you of our intent to close 83<sup>rd</sup> Street heading west from 1<sup>st</sup> Avenue to 2<sup>nd</sup> Avenue or from 2<sup>nd</sup> Avenue to 3<sup>rd</sup> Avenue, only closing one block at a time to allow us complete installation of our muck handling system at the southeast corner of 83<sup>rd</sup> Street and 2<sup>nd</sup> Avenue and installation of decking steel on the northwest corner of 2<sup>nd</sup> Avenue and 83<sup>rd</sup> Street.

When the block between 1<sup>st</sup> and 2<sup>nd</sup> Avenue is temporarily closed STJV plans to put a flagman at the intersection of 83<sup>rd</sup> Street and 1<sup>st</sup> Avenue and will only allow local traffic to enter or leave the block. STJV will also provide a second flagger at 83<sup>rd</sup> Street and 2<sup>nd</sup> Avenue as well that will be available to escort vehicles up the block and/or out of the block as needed. The second flagger can be called upon via radio or Nextel by the one dedicated flagger at 1<sup>st</sup> Avenue. Additional flagmen will be provided as necessary to direct pedestrian traffic around work areas. The same procedure would be followed when closing the block between 2<sup>nd</sup> and 3<sup>rd</sup> Avenue, utilizing a flagman at the intersection of 2<sup>nd</sup> Avenue and a flagman at the intersection of 3<sup>rd</sup> Avenue.

The dates to perform this work will be as needed between the dates of Wednesday, July 18, 2012 and Wednesday, August 22, 2012. The street closure will be from 9 AM to 5 PM.

If you have any other questions please feel free to contact this office at your earliest convenience.

Respectfully,  
Skanska-Traylor Joint Venture
