### Managing Subway Construction: The Mechanics of a Megaproject

**6 p.m. Thursday, November 7:** As the man helping to keep the Second Avenue Subway (SAS) on track and on budget, SAS Project Director Tom Peyton explains how MTA Capital Construction is getting the job done. How does MTACC create a construction timeline and stick to it? What are contracts? How do they fit together to create a subway? Tom Peyton will answer these questions and more in this Transit Talk about the mechanics of managing a megaproject. This event is part of the CIC's evening public programming series.

**RSVP:** [\(646\) 449-8700](tel:6464498700) or <http://transittalk2.eventbrite.com>

Stay tuned for more Thursday evening Transit Talks and construction updates at the Community Information Center. Even if you can't make Thursday evening programming, construction and historical videos are available for your viewing during the Community Information Center's expanded hours:
